

The Rain

The riser has risen,

the sparkler has sparkled,

the appearer has appeared.

Allah has replaced

one people with another.

We awaited these changes

as the famine stricken await **the rain**.

Certainly the Imams are

the vicegerents of Allah

over his creatures,

and they make people know Allah.

No one will enter Paradise,

except he knows them

and they know him.....

(Sermon 150)
