## Appendix B: List of Names and Numbers of the Surahs of the Holy Qur'an

In this book the references of the Qur'anic verses have been given by writing serial number of the relevant chapter, followed by a colon (:) that is followed by the number/s of the Verse/s. The names of the chapters have been omitted for the sake of brevity.

The names of the chapters with their serial numbers are given here for the guidance of the readers. To find, for instance, the verse 5:67 in the Qur'an, the reader should open the fifth chapter, that is, *al-Ma'idah* (المائدة) = The Table) and then find the 67th verse.
